How did music affect the direction of Christianity during the Protestant Reformation? What can we learn from how reformers used music to share and remember Bible truths?

Sabbath, August 1

Spirituality and Discernment

Spirituality and music are intimately connected, and today there are two types of spirituality in the Christian world. In this session we will explore how these two types of spirituality evolved in Scripture and history, how one is Biblical and one is not, and their connection to the Great Controversy. We'll also dip into how and why spirituality is an end-time issue.

Spirituality and Music

In this session we will explore the link between spirituality and music and how understanding the difference between genuine and counterfeit spirituality leads to more discerning choices in music. We'll also discover why the context that Christian music comes from is so important and why it should be considered whenever we make decisions about music.
